

**REMARKS/ARGUMENTS**

The Examiner objects to the amendment to the Specification contained in the prior office action. Applicant has amended to specification to clarify that Figure 3 shows a fringe material at two opposing edges (i.e., short edges) of the flocked release sheet but does not show fringe at the other pair of opposing edges (i.e., long edges). By the Examiner's admission, this configuration is disclosed in the Specification.

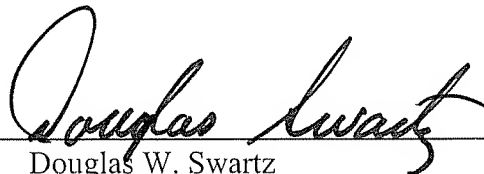

Claims 62 and 63 have been amended to overcome the Examiner's rejection under 35 U.S.C. § 112, first paragraph.

Based upon the foregoing, Applicants believe that all pending claims are in condition for allowance and such disposition is respectfully requested. In the event that a telephone conversation would further prosecution and/or expedite allowance, the Examiner is invited to contact the undersigned.

Respectfully submitted,

SHERIDAN ROSS P.C.
